

Application

Ideal for commercial, industrial facilities where economy, appearance and the ultimate ease of installation and maintenance are desired.

Also solid-state electronics to offer both reliability and low cost performance

Features

120V to 347V
Any voltage (120V to 347V) through voltage regulator applied
Completely self-contained
Fully automatic operation
Compact, low profile design
Push to test switch
Any sign/with legend
Energy Consumption of less than 3W and meets Energy Star
Damp Location listed
