

Application

Ideal for commercial, industrial facilities where economy, appearance and the ultimate ease of installation and maintenance are desired, also solid-state electronics to offer both reliability and low cost performance.

Features

- Fiberglass, corrosion resistant enclosure
- Dual 120 or 277 VAC input, field selectable
- 1-1/2 Hr. of light to an end battery voltage of 87-1/2 % of nominal voltage
- Automatic brownout feature
- Solid-state charging circuit. Solid-state line-latched low voltage disconnect
- Provides 100% load disconnect protection to guard against battery deep discharge
- Short circuit and overload protection on DC output circuit
- Sealed momentary test switch. Sealed AC ready light
- AC lockout feature reduces installation time
- Wet location listed ETL approved with damp location
