

Application

Ideal for commercial, industrial facilities where economy, appearance and the ultimate ease of installation and maintenance are desired, also solid-state electronics to offer both reliability and low cost performance.

Features

Fiberglass, corrosion resistant enclosure
 Dual 120 or 277 VAC input, field selectable
 1-1/2 Hr. of light to an end battery voltage of 87-1/2 % of nominal voltage
 Automatic brownout feature
 Solid-state charging circuit. Solid-state line-latched low voltage disconnect provides 100% load disconnect protection to guard against battery deep discharge
 Short circuit and overload protection on DC output circuit
 Sealed momentary test switch. Sealed AC ready light
 AC lockout feature reduces installation time
 Wet location listed ETL approved with damp location
